TOWN MEETING—MARCH 10, 1964

At a legal meeting of the inhabitants of the town of Plymouth, N. H. held on the above date at 10:00 o'clock in the forenoon at the Guy E. Speare Auditorium—The meeting was called to order by the Moderator, George T. Ray, Jr. and the reading of the warrant was started, when a motion from the floor that further reading of the warrant be dispensed with, was carried. It was voted that the polls be opened; to close not earlier than 9:00 o'clock in the afternoon; to ballot on Articles 1, 2, 3 and 4; all remaining to be considered at 7:30 o'clock in the afternoon.

At 7:30 o'clock in the afternoon the Moderator, George T. Ray, Jr. lead in the salute to the flag and then explained, that because there had been no advance publicity in regard to closing the polls at 6:00 o'clock, they would remain open, as usual, till 9:00 o'clock. Formal reading of the warrant was again dispensed with by a motion carried.

A round of applause was given the Plymouth Lions' Club for furnishing the new Street Signs to the Town. The articles in the warrant were then considered.

Article 5.—Town Charges—Voted to raise \$51,804.00

Article 31—Livermore Falls Project

Voted to adopt the following resolution and raise
and appropriate for same \$100.00

“Whereas the Town of Plymouth is the business
center of the Pemigewasset Valley and that the
Livermore Falls dam as proposed by the United
States Army Corps of Engineers will result in the
loss of approximately a \$4,000,000 annual area pay-
roll and over 1,100 area jobs and will further re-
sult in wasteful and unnecessary government ex-
penditures, now therefore

Be it resolved that the Town of Plymouth go on
record as opposing the Army Corps of Engineers’

project and favoring the construction of small dams on the tributaries and that a copy of this resolution be forwarded by the Town Clerk to the Office of the Governor of the State of New Hampshire and to the members of the New Hampshire Congressional Delegation.

And be it further resolved that the sum of \$100.00 be raised and appropriated to be used in conjunction with other towns to oppose the Livermore Falls Dam Project."

1924, and Recorded In Grafton Registry of Deeds, Book 579, Page 275.**

Voted to authorize Selectmen to lease, rent, sell or convey or otherwise dispose of same.

Article 40—Any Other Business

William Loomis was elected to serve on Budget Committee for a four-year term.

Voted the following resolution be adopted. Motion carried unanimously.

“Whereas the Town of Plymouth receives many benefits from the existence of Plymouth State College in our community and

Whereas the community is desirous of affording a maximum amount of municipal service to the residents of the community consistent with a reasonable tax structure,

Be it resolved that the Board of Selectmen shall between November 15, 1964 and January 1, 1965 instruct the Town's Representatives to the General Court and the Senator from this district to introduce such legislation as they deem in the interests of all concerned and to support such other legislation as may be necessary to assure Plymouth State College of an adequate operating budget consistent with the growth of the college and to insure reasonable reimbursement to the Town of Plymouth for the protection of the State property by the Fire and Police Department for which the town cannot otherwise be reimbursed.”

Voted to give a rising vote of thanks for the good work of the Committee on the Bicentennial Program. It was so done.

An expression of thanks to C. Edward Pettengill for his many years of faithful service as Selectman was carried and applause given.

Business meeting adjourned at 11:00 P. M. The polls had been closed at 9:00 o'clock P. M.

WARRANT FOR THE 1965 ANNUAL MEETING OF THE TOWN OF PLYMOUTH

To the inhabitants of the Town of Plymouth in the County of Grafton and State of New Hampshire qualified to vote in Town affairs:

You are hereby notified to meet at the Guy E. Speare Auditorium in said Plymouth on Tuesday, the ninth of March, 1965, polls to be open for voting on Articles 1 and 2 at 10:00 o'clock in the forenoon and to close not earlier than 6:00 o'clock in the afternoon, with action on the remaining articles to be taken commencing at 7:30 o'clock in the afternoon.

Article 1. To choose all necessary Town Officers for the ensuing year.

Article 2. Shall the provisions of Chapter 287 of the Revised Statutes Annotated, relative to playing games of Beano be adopted in this City or Town.

Article 3. To raise such sums of money as may be necessary to defray Town charges for the ensuing year and make appropriations of the same.

Article 4. To choose two Library Trustees, one for a term of three years, and one for a term of two years.

Articles 5. To choose one Park Commissioner for a term of three years.

Article 6. To choose a Trustee of Trust Funds for a term of three years.

Article 7. To choose one member of the Zoning Board of Adjustment to serve for a term of five years.

Article 8. To see what sum of money the Town will vote to raise and appropriate to defray the costs of operating the Police Department during the current year.

Article 9. To see what sum of money the Town will vote to raise and appropriate for the support of the Free Public Library.

Article 10. To see what sum of money the Town will vote to raise for the maintenance and construction of highways.

Article 11. To see what sum of money the Town will vote to raise and appropriate for sidewalks.

Article 12. To see what sum the Town will vote to raise and appropriate for Town Highway Maintenance in cooperation with the State.

Article 13. To see what sum of money the Town will vote to raise and appropriate for the care of shade trees in the Town and for the control of pine blister rust.

Article 14. To see what sum of money the Town will vote to raise for the Sceva Speare Memorial Hospital of Plymouth, New Hampshire.

Article 15. To see what sum of money the Town will vote to raise and appropriate for Civil Defense.

Article 16. To see if the Town will vote to grant the New England Telephone and Telegraph Company a right-of-way to maintain its underground lines across the property of the Town known as Plymouth Airport an approximate distance of 2,498 feet. said right-of-way subject to the vote of the Town at its annual meeting.

Article 17. To see what sum of money the Town will vote to raise and appropriate to be used by the Park and Recreation Commission to establish, equip and maintain suitable places for playgrounds, including coasting and skating and conducting a system of public recreation.

Article 18. To see if the Town will vote to authorize the Selectmen to borrow money in anticipation of taxes, and pay the obligations of the Town.

Article 19. To see what sum of money the Town will vote to raise and appropriate to resurface those portions of Main Street and Highland Street that lie outside the limits of the State Highway.

Article 20. To see what sum of money the Town will vote to raise for band concerts during the summer of 1965 by the Plymouth Community Band.

Article 21. To see what sum of money the Town will vote to raise for Memorial Day.

Article 22. To see what sum of money the Town will vote to raise for Cemeteries.

Article 23. To see what sum of money the Town will vote to raise for the purpose of publicizing and promoting the natural advantages and resources of the Town.

Article 24. To see if the Town will vote to authorize the Selectmen to administer, lease, rent, sell and convey or otherwise dispose of any real estate acquired by the Town by any Tax Collector's Deed.

Article 25. To see what sum of money the Town will vote to appropriate to erect a new building for the storage and maintenance of Town vehicles and equipment on a tract of land owned by the Town, known as the former Marston property situate on Texas Hill Road, so-called, and to raise the sum by authorizing the Selectmen to borrow sums not in excess of the sum so appropriated through the issuance of serial notes or bonds of the Town in accordance with the New Hampshire Municipal Finance Act.

Article 26. To choose a member of the Budget Committee for a term of four years.

Article 27. To see if the Town will vote to accept from the Plymouth Village Fire District a deed of the real estate owned by said District located on the north-erly side of Highland street, so-called, between land of one Feinen and land of one Olmstead in said Plymouth, presently occupied by said District as a fire station, together with a bill of sale from said District of all fire trucks and fire apparatus (including but not limited to vehicles) and all accounts receivable owed to the Fire Department of said District, said deed and bill of sale to be dated as of January 1, 1965; and in consideration of said conveyances to appropriate the sum of \$18,000.00 to satisfy the outstanding indebtedness owed by said District on the new fire truck, said sum to be raised by borrowing on the credit of the Town through the issuance of a note or notes of the Town, to be signed by the Selectmen and counter-signed by the Treasurer in accordance with the New Hampshire Municipal Finance Act.

Article 28. To see what sum of money the Town will vote to raise and appropriate to defray the costs of operating the Fire Department during the current year.

Article 29. To see if the Town will vote to participate in the local District Fire Mutual Aid system and to authorize the Selectmen to enter into such mutual aid system on behalf of the Town, all in accordance with New Hampshire Revised Statutes Annotated 154:30, et. seq.

Article 30. To see if the Town will vote to sponsor the development of recreational facilities at site 12 of the Baker River Water Shed Project of the United States Soil Conservation Service. (This article inserted by special request of the Park and Recreation Commission.)

Article 31. To transact any other business that may legally come before said meeting.

Given under our hands this 16th day of February, 1965.

REPORT OF THE CHIEF OF POLICE

December 31, 1964, I finished my first full year as Chief of Police in Plymouth. Many changes have taken place and while many have been of benefit to all, some changes have not been so good.

Of tremendous value to the department and to the town has been the addition of the cruiser, and of course the radio hookup. One without the other would have been rather useless. They have proven their worth many times in recent months. The promptness and efficiency on many occasions of emergency has been worth the investment.

The fourth Patrolman has been of extreme value to this department. Now, we don't have to go through the same routine every week of calling special officers to fill in days off etc. Now, we have better coverage and can enforce the laws a little more efficiently. This has resulted in many more violators being brought before court. An increase of 117 court cases.

Many of these improvements have been the result of several civic minded tax paying citizens who have contributed time and money of their own to help make this department operate in the best interest of Plymouth. Much of what we have today we certainly owe to these people who have helped us in law enforcement.

The year of 1964 has been very successful and gratifying to say the least. With the continued cooperation of the citizens of Plymouth, we in the Police Department, hope that 1965 will be even better.

Our sincere thanks to all who helped support this department.

RAYMOND E. WELCH

Chief of Police

PLYMOUTH PUBLIC LIBRARY

ANNUAL REPORT — 1964

To the Trustees of the Plymouth Public Library:

Please accept the gratitude of the library staff for your support, cooperation and contributions of time and work.

We are happy to note an increase of 1,498 over last year in the number of books loaned to children and young people. Part of this is because more and more parents are bringing their young children to the library. Another contributing factor is that 13 different elementary school classes visited us with their teachers. Our collection of children's books should be enlarged to meet this demand. The Plymouth Rotary Club very generously donated 21 books this year to help in this area. More space is needed for shelving for children's books; also to prevent parents, children and librarians from falling over each other during the busy hours. Of course, we know that more space is needed for reference books, adult books, and magazine storage, as well.

There has been a decrease in the use of the adult nonfiction due to the increased facilities in the High School library, and we can now concentrate on providing nonfiction for the general adult public.

We have a very large turnover in membership for a small library because of the hundreds of college and high school students from out of town who come to us during their years in school and then are seen no more. Most of these students borrow books only occasionally, but some are constant users of our facilities. We can report a most cooperative spirit prevailing among the two school libraries, the college library and the public library so that all students may make the best use of the total available material.

The work room addition at the rear of the library building was painted in January and immediately put to use. The staff expresses its appreciation to the Young Ladies Library Association for its generosity in providing a bright and pleasant place for behind-the-scenes operations such as book repair, clerical work and correspondence. Not the least of the conveniences provided was the installation of running water. The Young Ladies Library Association held an "Open House" on April 15th and served punch and cookies to all who came to admire. The Association also gave the library a much needed up-to-date reference work — Compton's Pictured Encyclopedia.

The Library Committee of the Woman's Club sponsored the January meeting of the Club which was held in the library and featured a talk by Shirley Barker, State Library Consultant, on the proposed state-wide improvement of library services. One of these services is already available and we have taken advantage of it this year by ordering most of our new books through the State Library at a discount approximately 15% greater than we could hope to receive from any dealer if we ordered independently.

Eight volunteer workers (members of the Woman's Club and others) have given us 64 hours doing clerical work and stamping our name on more books.

Miss Nims received her certificate upon completing four summer sessions at the State Library sponsored summer school held at the University of New Hampshire. We find that her studies and contacts have informed and stimulated us in many ways.

Susan Hammond, a school girl, gave us 50 hours during the summer. She was a most energetic and efficient assistant, helping with routine affairs while Miss Nims was away at summer school, and afterward shifting the adult fiction collection on the shelves while it was being weeded and condensed.

The librarian has attended five meetings concerning library affairs at various places about the state

during the year. Her assistant has attended one meeting. The Bookmobile librarian brought a film projector on January 18th and spent the afternoon demonstrating its use.

Respectfully submitted,

ALICE B. DICKINSON

Librarian

AUDITORS' REPORT

As prescribed by law, we have examined the books and records maintained by the Selectmen, Town Treasurer, Town Clerk, Trustees of Trust Funds, Treasurer of the Library Trustees, Treasurer of the Park and Recreation Commission, Justice of the Municipal Court and Justice of the District Court, and Tax Collector.

The records of individual receipts and expenditures were found to be correctly cast and properly vouched.

We have verified cash balances and reconciled bank statements for such above officials who have town business accounts.

We have examined the securities in the Trust Funds.

We have inspected the surety bonds of the Town Treasurer, Tax Collector, Town Clerk, Trustees of the Trust Funds, Road Agent, Chief of Police, and Secretary.

LEON M. HUNTRESS

SAMUEL H. DREGHORN

PUBLIC HEALTH NURSE REPORT

47 Main Street
Plymouth, N. H.
December 1964

Mr. Arthur Carpenter, Jr., Health Officer
Pleasant Street
Plymouth, N. H.

Dear Health Officer:

The following is a report of Health Activities conducted for Plymouth, by the N. H. Division of Public Health - Public Health Nursing, for the year 1964.

In the fall of 1963, due to an outbreak of Type 3 polio in Canada, permission was obtained from the Local Medical Society to conduct Sabin Oral Polio clinics for immunizations. The series was completed in 1964 with the following number of Sabins given:

At Plymouth Schools Type I & II, 298 (completing series)

At Public Health Nurse's Office Types I, III, and II, 157 (This clinic was for preschools and adults from Plymouth and surrounding towns.)

At the request of the School Physician, the Public Health Nurse assisted Dr. McIver and Mrs. Morris at a Tuberculin Testing Program at the school for grades 1-5-9-12. This was held at the end of September and a total of 224 tests were given— finding 10 reactors.

All tuberculin test reactors were followed through with home visits and chest x-rays recommended either by their private physician or at the clinics. The family contacts of tuberculin reactors were also recommended to have chest x-rays. I am glad to report that very good cooperation was received and many attended the Mobil Chest X-ray Clinic held on September 23rd. Re-

ports were sent to all having x-rays. Tuberculin test reactors are advised to have routine chest x-rays annually for at least three years.

Two chest x-ray clinics were held at I.O.O.F. Hall in Plymouth. These were conducted by the N. H. Tuberculosis Association cooperating with the N. H. Division of Public Health. Full size x-rays are taken at this clinic by Gene Alden, x-ray technician, and chest examinations, as requested are given by Dr. Robert Kerr, Executive Director of the N. H. Tuberculosis Association. Cases are referred to the clinics by physicians, public health nurses, notices to patients needing repeat x-rays, and many walk-ins attend. A total of 80 x-rays were taken. These clinics service Plymouth and surrounding communities. Notices of coming clinics are sent to physicians covering the area — reports are sent to referring physicians and to the patients concerned.

The State Mobile Unit, for x-ray survey, visited the industries in the town and then was available to the public. At the public clinic a total of 263 chest x-rays were taken. This clinic was held on September 23rd. Cards and letters were sent to all attending, from the State Office, of the results of the x-rays and if necessary patients were recommended to their private physicians regarding further follow-up. The Public Health Nurse assisted with the clerical work, also arranged for other workers.

Early in September an Immunization Survey was conducted in Plymouth by the U. S. Public Health Service, assisted by the Public Health Nurse and volunteer workers. The survey included all homes with children under five years of age in Plymouth and near vicinity. The women who assisted are to be complimented on the excellent service given - which required a full day.

Twenty-one children from Plymouth have attended a special pediatrics clinics which were held at Warren Medical Center during the year.

These monthly clinics were serviced by Dr. Abbott Wunegard of the N. H. Division of Public Health. The following were given to Plymouth children.

Physical examinations 9
Psychological examinations 3
Sabin Type 3 3
Diphtheria, Tetanus & Whooping Cough
series 9, boosters 6
Diphtheria & Tetanus boosters 1
Straight Tetanus boosters & series 6
Tuberculin Tests 8
Smallpox Vaccinations 8

Public Health Nursing Visits have been made on mothers, babies, preschools and others as necessary.

Cases have been referred to the following:

N. H. Cripple Children's Services Clinic
Hanover & Laconia
N. H. Cardiac Pediatric Clinics
Hanover & Laconia
Retarded Clinics
N. H. Sight Conservation Program
N. H. Vocational Rehabilitation
Applications for Laconia State School and
others as necessary.

A list of names of worthy children has been given to the Plymouth Firemen's Operation Santa Claus for remembrances at Christmas.

The Public Health Nurse has received many personal visits and phone calls at her office, regarding health questions and problems. Referrals have been made to private physicians, school nurse, N. H. Public Welfare Workers, and local organizations as necessary.

Sabin Polio vaccine and gamma globulin has been available and furnished to Plymouth physicians on request.

The Division of Public Health Nursing is especially interested in the work of the Pemigewasset Retarded Association for Children and feels there is a great

need for a special school or classes for the unfortunate retarded child and also for the physically handicapped child who has difficulty coping with the Public School program.

My sincerest thanks to Local Physicians, Mrs. Morris, R. N., the School Nurse, the School Personnel, Members of Belknap-Merrimac Salon 8/49, American Legion Auxiliary, and all organizations that assisted with the Immunization Survey and the Glencliff Christmas Gift Shop. I also appreciate having the use of the I.O.O.F. Hall for the chest x-ray clinics.

Respectfully submitted,

LOIS B. REED, R. N.

Public Health Nurse,

N. H. Division of Public Health

PLYMOUTH CHAMBER OF COMMERCE

INFORMATION BOOTH REPORT

Board of Selectmen,
Plymouth, New Hampshire

Gentlemen:

The Information Booth was opened Saturday, June 27, 1963 through Sunday, September 6 from 9:00 A. M. to 5:00 P. M. weekdays and from 1:00 P. M. to 5:00 P. M. Sundays.

A total of 6,086 cars containing 19,365 people were served by Miss Hazel Downing, the veteran attendant.

This was an increase of 9.5% in the number of cars over 1963 and the largest number served since records have been kept.

The siphoning of traffic through Plymouth from Interstate Route #93 was, no doubt, the cause for this increase. It is interesting to note that although 527 more cars were serviced than in 1963 there were only 457 more people, an increase of less than one person per car.

Cars were recorded from every state except Montana and North Dakota, every Canadian province except Alberta, Newfoundland and Saskatchewan. There was a total of eighteen people from eight foreign countries.

The Plymouth Chamber of Commerce wishes to express its appreciation to the taxpayers for their support of the booth. All of the appropriation was expended for the salary of the attendant.

Plymouth Chamber of Commerce
by Clarence H. Jones, Secretary

CIVIL DEFENSE REPORT - 1964

During the past year fallout shelters approved by the federal government were stocked and marked. At the present time spaces exist for 1,073 persons. It is recognized that this is not sufficient for the total population of the town and the college and so it is recommended that planning be done on a family basis. It should be pointed out that spaces do exist which do not meet the federal specifications for stocking but would give protection. However, families should have a sufficient supply of food and water plus other emergency equipment which would suffice for a period of at least two weeks.

Last year in my report I mentioned the problem of communications in the town. Through the purchase of additional radio equipment the facilities have been strengthened and as a result the town is presently benefiting through better contact with emergency units and as a result are getting better service for their tax dollar. We have also established a radio network with outlying towns and this network has already proved to be of a significant value and will prove to be of future benefit to the town.

I am very grateful to the local organizations who contributed toward the purchase of the radio equipment. We received contributions from Carl Adams, the Lions Club, the Pemigewasset National Bank, The Plymouth Guaranty Savings Bank, the Chamber of Commerce, O. A. Miller Company, and Sprague Electric Company.

This year the organization is losing one of the best workers for Civil Defense in Plymouth because of Clifford Mayhew's moving to Campton. He was a Director of Civil Defense and for several years has been chief of the auxiliary police. Charles Morse has consented to take over as chief of the auxiliary police

and has already made plans for future developments in this organization.

As a result of the federal surplus and matching funds programs we have been able to effect some savings for the town in the purchase of necessary equipment not only in Civil Defense but in other departments as well.

It is planned in the future to strengthen still further the emergency units in the town. Particular plans are being made for the auxiliary police, the emergency operating center at the fire station, communications, and in addition the development of advanced emergency planning and operations.

THOMAS F. GOULART

Civil Defense Director,

Plymouth, N. H.

REPORT OF THE FOREST FIRE WARDEN

AND YOUR DISTRICT CHIEF

The 1964 forest fire season surpassed the record year of 1963 in both length and severity. For the second successive year, we experienced a rainfall deficiency of more than ten inches and the compounding of such drought conditions, together with the many days of strong, dry winds, characterized 1964 as one of the most hazardous years in the past half century. Although our fire season was three weeks longer than that of 1963, the number of fires showed only a slight increase and more remarkable was the fact that the area burned dropped from 2280 acres in 1963 to 900 acres in 1964. Early detection and rapid response kept many potential fire disasters from becoming reality. We all owe a debt of gratitude to the men in this community who responded and fought our fires so efficiently. Our state is now 86% wooded and its economy - both industrial and recreational - is greatly dependent on this forest resource. The responsibility for adequate fire protection of this great area—4,350,000 acres, is everyone's responsibility and prevention is one of our most effective tools.

Prevention is good common sense.

1. Take your rubbish to the town dump. If you must burn, obtain a permit and watch your fire until it is dead out.
2. Instruct your children in fire safety. Keep matches from young children. Explain to them the dangers of lighting matches and making outdoor fires.
3. Be sure discarded smoking material and matches are out.

A major portion of our preventable fires this year are chargeable to three causes: (1) permit fires allowed to escape; (2) children playing with matches; and (3) smokers. Let's be mindful of the fact that all such fires endanger property and lives.

We wish to thank you for your very fine cooperation during the past fire season and with your continued cooperation we are confident we can improve our fire record in 1965.

Permits issued in Plymouth 1964 — 148.

REPORT OF PARK AND RECREATION COMMISSION

Plymouth, New Hampshire
For Year Ending December 31, 1964

Faced with a large water bill from 1963, repairs to the dam at Fox Pond were made prior to the opening of the 1964 season. Mr. M. McLoud and son contributed time and materials greatly above the \$500 bill submitted for the repairs made. The water bill for 1964 amounted to \$272.07, well within the budgeted amount and a sum which should be considered reasonable for the operation of a swimming pool. From 65 to 80 children enjoyed daily swimming as well as instruction during the summer program. A new dam at Fox Pond would cost in the neighborhood of \$10,000, as estimated by Mr. Don Ferrin of the United States Soil Conservation Service. It has been proven, however, that Fox Pond can operate without a new dam and your Commissioner believes that minor improvements necessary in 1965 will not exceed \$500. Additional improvements beyond this will not be necessary, barring unforeseen circumstances.

The usual activities, coordinated by your Commissioner with the Plymouth Recreation Association, included summer playground, swimming, basketball, skating and skiing. We owe our thanks to several people for their participation in the past year's activities and in particular to Mr. Lloyd Hawkensen for skating, Mr. John Foley for playground and swimming, Messrs. Alex Butler and Pete Wayne for skiing.

MARTIN J. DAIGNEAULT
Chairman, Park Commission

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of Plymouth Village Fire District qualified to vote in District Affairs:

You are hereby notified to meet at the Guy E. Speare Auditorium on Thursday, the 11th day of March next at 7:30 o'clock in the afternoon to act on the following subjects.

Article 1. To choose a Moderator for the ensuing year.

Article 2. To choose a Clerk for the ensuing year.

Article 3. To choose a Treasurer for the ensuing year.

Article 4. To choose one District Commissioner for the ensuing three years.

Article 5. To choose one District Commissioner for the ensuing year.

Article 6. To choose Auditors for the ensuing year.

Article 7. To see what sum of money the District will vote to raise for fire apparatus, supplies, care of fire alarm system, pay of firemen and other necessary expense of said District for the ensuing year.

Article 8. To see what sum of money the District will vote to raise for fire protection for the ensuing year. (Hydrant Rental)

Article 9. To see if the District will vote to authorize the Commissioners to borrow such sums of money as may be necessary to pay debts of the District and to give notes therefor, countersigned by the District Treasurer.

Article 10. To see what sum the District will vote to appropriate to extend the District water main from the Fairgrounds Road southerly and westerly along

Cookville Road, so-called, to a point in said Cookville Road in front of the dwelling house of William Carpenter, and to raise said sum by borrowing on the credit of the District through the issuance of serial notes or bonds of the District to be signed by the District Commissioners and counter-signed by the Treasurer in accordance with the New Hampshire Municipal Finance Act. (By Petition).

Article 11. To see if the District will vote to participate in the local District Fire Mutual Aid system and to authorize the Commissioners to enter into such mutual aid system on behalf of the District, all in accordance with New Hampshire Revised Statutes Annotated 154:30, et. seq.

Article 12. To transact any other business that may legally come before the said meeting.

Given under our hands and seals this 25th day of February in the year of our Lord nineteen hundred and sixty-five.

SEWER DEPT.

1964 Work Report

New Connections to Sewers—2

New Sewer Manholes Installed—4

Sewers Repaired or Cleaned—23

So far there has been no radical change in our water supply, either in quantity or quality, due to Highway #93 Construction.

We now have an automatic draw down indicator installed in our new well, so we will be able to tell instantly if anything should happen to the source of supply. We also send samples to be analyzed at least once a month to safeguard our quality of water.

Well testing for a new source of supply, which is being paid for by the Department of Public Works and Highways, is still going on. The Baker River Valley and West Plymouth Valley have been covered and no water has been found that will not require treatment. The Pemigewasset Valley up to the Campton Line was tested to no avail.

At this time an area south of Plymouth, near the Bridgewater Line, has been tested and seems to have possibilities, however, more pumping and analysis will be necessary to determine if this area could be used for our supply if necessary.

The Water Department relaid 809 ft. 6 in. of water pipe due to Highway #93 Construction at the site of the former White Duck Cabins at a total cost of \$2,702.31.

The Sewer Department relaid 656 ft. of 8" sewer pipe and built two manholes, due to Highway #93 Construction at the site of the former White Duck Cabins at a total cost of \$1,289.69.

Due to the relocation of Highway U. S. #3 at Peg Mill Hill, the Water and Sewer Departments relaid by contract 1,258 ft. of 10" water pipe and installed two hydrants, also relaid 1,564 ft. 10" sewer pipe and built nine manholes. This contract will not be completed until relocation is completed and able to maintain traffic. So far, this relocation has cost \$33,748.17.

In 1964 due to State Highway Construction and land purchased for Plymouth State College a total of 14 service lines and meters have been discontinued. Due to other causes 4 have been discontinued.

In 1964 eleven connections to the sewer have been discontinued.

In 1964 364 ft. of new pipe of all sizes were laid.

All hydrants in the district had new gaskets installed in all hose outlets.

68,840,237 gallons of water was metered in 1964.

JOHN R. WOOD,
Superintendent

AUDITORS' REPORT

We have audited the cash books of the Treasurer of the Plymouth Village Fire District for the year ending December 31, 1964, and have found the entries to have been correctly cast and properly vouched.

We have examined the surety bonds of the Treasurer and Secretary of the District.

We have burned fifteen (15) Water Department bonds, numbered 163-177, inclusive, and five (5) Water Department bonds, numbered 46-50, inclusive, totaling \$20,000.00.

We have burned ten (10) Water Department bonds, each with twenty coupons attached, numbered 123-132, inclusive, totalling \$12,000.00.

We have burned the following coupons:

One (1) numbered 40, totalling \$10.00—October 1963.

One hundred thirty-eight (138) numbered 163-300, inclusive, totalling \$1,380.00—April 1964.

Twenty (20) numbered 46-65, inclusive, totalling \$225.00—May 1964.

One hundred twenty-three (123), numbered 178-300, inclusive, totalling \$1,230.00—October 1964.

Fifteen (15) numbered 51-65, inclusive, totalling \$168.75—November 1964.

THE STATE OF NEW HAMPSHIRE

To the inhabitants of the School District in the Town of Plymouth in the County of Grafton in said State qualified to vote in District Affairs:

You are hereby notified to meet at the Guy E. Speare Auditorium in said District on the 4th day of March, 1965, at 8:00 o'clock in the afternoon to act upon the following subjects:

Article 1. To choose a Moderator for the ensuing year.

Article 2. To choose a Clerk for the ensuing year.

Article 3. To choose a member of the School Board for the ensuing three years.

Article 4. To choose a Treasurer for the ensuing year.

Article 5. To hear the reports of agents, auditors, committees or officers chosen and pass any vote relating thereto.

Article 6. To choose agents, auditors and committees in relation to any subject embraced in the Warrant.

Article 7. To see if the District will raise and appropriate the sum of Four Hundred Five Thousand One Hundred Forty Dollars and Seventy-Eight Cents (\$405,140.78) for the support of schools, and for the payments of statutory obligations of the District, and to authorize the application against said appropriation of such sums as are estimated to be received from the State Foundation Aid Fund, together with other income, the School Board to certify to the Selectmen the balance between the estimated revenue and the appropriation, which leaves an estimated balance of Two Hundred Twelve Thousand Eight Hundred Eighty Dol-

lars and Sixty Cents (\$212,880.60) to be raised by taxes by the Town.

Article 8. To see if the District will vote to authorize the School Board to make application for and to accept, on behalf of the District, any or all grants or offers for educational purposes which may now or hereafter be forthcoming from the State of New Hampshire, the United States, or any other sources.

Article 9. To see if the District will vote to extend the contract between the Plymouth Town School District and the Plymouth State College for the instruction of elementary school pupils, kindergarten through Grade Six, one year from June 30, 1966, until June 30, 1967.

Article 10. To see if the District will authorize the School Board to convey the right, title and interest of the District to the Sargent School property, so-called, authorizing the School Board members to sign a deed, or deeds, of said premises in the name of the District and to sell the same at private sale or public auction.

Article 11. To see what sum of money the District will vote to raise and appropriate for the purpose of providing a class for the mentally retarded.

Article 12. To transact any other business that may lawfully come before the meeting.

Given under our hands at said Plymouth this 17th day of February, 1965.

SUPERINTENDENT'S ANNUAL REPORT

Hereby submitted is my annual report as your Superintendent of Schools.

The education of Plymouth school children should be a vital concern to everyone in the district. During past years, we have been fortunate in securing quality education for our youngsters with an expenditure that was not commensurate with the education they were getting. As we look to the years ahead, I think we must expect and plan to spend more money and do our best to get a better return on our dollar by producing better educated youngsters.

Two major problems are facing the Plymouth School District which must be given considerable thought. Our contract with Plymouth State College and the State of New Hampshire to provide instruction and instructional materials to educate our children is about to lapse. The original contract was to end June 30, 1965 but it was voted at the last school district meeting to extend it one year. Due to the presently fluid educational situation, the district is being asked once more to extend this contract for one year only. Before the end of this period, a new contract should be drawn up. This will require a good deal of thinking and work for school officials. My recommendation would be to continue the contract if we can come to a reasonable agreement on terms. I think there is some question at this time from their point of view as to how and on what basis another contract should be written.

The other, and more urgent, situation that faces us is the solution of our own high school problem. Over the years, Plymouth High School has traditionally been the educational center for the high school pupils from surrounding towns. We are rapidly reaching the point where our present building will not be able to accommodate the Plymouth pupils and

all of those from nearby towns who desire to get their secondary school education here. It is perfectly true that some of these could be turned away and thus make room for all of our youngsters but I do not think this is the solution. Our pupils gain because more students make competition keener and course offerings more diversified. The time is not too far distant when some decision must be made. At the present time a Cooperative School Planning Board has been working since September trying to find a solution. At this point it is generally agreed the answer that suits all of us the best is a grades 7-12 cooperative school effort. Two plans are now being considered. One would be for the Cooperative School District to buy the high school and vocational buildings at an appraised figure, they to make changes and alterations in Plymouth High School and use this with auxiliary facilities, for a seventh and eighth grade accredited Junior High School. This plan has merit in that it will save the districts concerned, including Plymouth, several hundred thousand dollars. At the same time this would free four classrooms in the Memorial School for needed elementary grade expansion. The complexity of the problem has been increased by an interest exhibited first by the State Board of Education and then by the University of New Hampshire Board of Trustees in the purchase of some of our buildings as part of Plymouth State College. At one time the interest was rather high, and then deteriorated to the point where there seemed to be none. Now there seems to be a little. It seems to the writer that as the college grows, the fact is inescapable that our town school buildings are in the center of their planning. If not now, at some future date certainly, the consideration must be that they will want to acquire part or all of the buildings. This, in a way, is beside the point but it makes the problem more difficult. However, be that as it may, we certainly can not wait for them to make up their minds. If the Cooperative buys Plymouth High School and the Vocational Building as there is some thought of doing, when acquisition was designed

by the college, dealings would be made with the Cooperative School Board of Education rather than with this school district. The other solution would be to build new facilities on a selected site to house grades 7-12. This probably is the better solution although not the cheapest.

Eight towns are now involved in the study which should come to a culminating vote late this spring. The situation is changed somewhat since our last attempt at cooperation. Ashland now finds itself in the position where something must be done. Some pupils there are on double sessions, and it is becoming more and more expensive for them to furnish a comprehensive education at a price they can afford. I am very hopeful that enough towns will vote in favor of the venture this time so that a start can be made. As the study progresses and begins to reach the point where voting will take place, hearings will be held in towns to explain what is proposed and what it will cost as well as answer any questions people have concerning it. These meetings will be given publicity and I urge each citizen as a voter in town and those who are interested in good education to attend. Our educational system is good now, but we want to make it better. I am firmly convinced as I have mentioned previously, that our new road system plus a new modern educational plant would do more to boost the economy of this area than anything else. We are now in an ideal situation to grow but education and educational facilities have to expand first.

Our teacher turn-over this year percentagewise is well below other schools in the state. The fact we now have a fairly good salary schedule, the college being here, and good recreational opportunities mean much in the way of holding power over teachers. Only two replacements needed to be made in our whole staff this year. Mr. A. Justin Staples replaced Mr. Sargent in Science and Mr. Paul R. Blow replaced Mr. Lambert in Foreign Languages. Mr. Staples graduated from the University of Maine and had been teaching in Maine

last year. Mr. Blow is a graduate of St. Francis College and taught Foreign Languages for several years in Connecticut. Both seem to be happy here and are working out well. It is too early to tell how much teacher turn-over there will be for next year but it has been known for several months that Mr. Pelkie, Director of Physical Education and Coach is leaving in June to resume his studies. At the present time there are many applicants. Screening of the candidates has started and the employment of one of them will undoubtedly be made shortly.

Please be reminded if there are a group or groups of interested people who desire more information on the current status of the Cooperative School Study problem, or any phase of it, that arrangements can be made through my office for speakers or information.

In closing, it should be mentioned that we were all saddened with the passing of Mrs. Jean Chapman shortly after district meeting last year. She was an excellent school board member and a tireless worker for the schools. Her position was filled in accordance with School Law by the appointment of Mrs. Phyllis Sutherland for the unexpired term.

Respectfully submitted,

M. WAYNE BOWIE,
Superintendent of Schools

EXPLANATION OF SUPERINTENDENT'S SALARY

Section 5, Chapter 243, Laws of 1953, of the State of New Hampshire, requires that the school district annual reports show the total amount paid to the superintendent of schools as per the following quotations: "Reports. Each superintendent of a supervisory union shall annually prepare a report showing the total salary paid to the superintendent, which report shall show in detail the amount derived from the per capita tax and the amount paid directly by each school district in the union."

One-half of the supervisory union expenses is prorated among the several school districts of the union on the basis of adjusted valuation. One-half is prorated on the basis of average daily membership in the school for the previous school year ending June 30th. The Superintendent of Supervisory Union No. 48 during 1963-64 received a salary of \$9,700.00 which was made up as follows: \$4,500.00 paid from the per capita tax and \$5,200.00 prorated among the several school districts. Allowances of \$1,100.00 for travel within the union was also prorated as stated above. The several school districts now number five since, by State Department of Education directive, Woodstock School District is no longer a part of Supervisory Union #48.

The table shows the portion of salary and travel charged to each school district.

	Salary	Travel
Campton	\$ 1,040.00	\$ 220.00
Plymouth	2,568.80	543.40
Rumney	800.80	169.40
Thornton	514.80	108.90
Wentworth	275.60	58.30
	<hr/>	
	\$ 5,200.00	\$ 1,100.00

Superintendent's Salary for 1963-64 based on the above figure is reconciled as follows: \$4,500.00. paid from State per capita tax plus \$5,200. paid by various districts, equals \$9,700. — Superintendent's basic salary

M. WAYNE BOWIE

Superintendent of Schools

By further directive of the State Department of Education, the School District of Warren will become a part of Supervisory Union #48 as of July 1, 1965.

PRINCIPAL'S ANNUAL REPORT

I hereby submit my thirteenth annual report as principal of Plymouth High School.

This year I would like to list some of the advantages that a new "co-op" high school would be to Plymouth and the outlying towns that would join the venture.

Early statistics show that we would have at least 300 seventh and eighth grade students. Here is where the biggest gain and improvement will be seen and appreciated by the students and school districts.

1. These 300 students will all have the same curriculum for a background before they enter the senior high school.

2. There would be a remedial reading teacher and a remedial math teacher to help struggling students in these two fields.

3. A music teacher, who would be able to develop musicians for the high school band and chorus.

4. A physical education teacher for better health education.

5. An art teacher who would have more time for the artistically inclined youngsters.

6. All girls would have two years of home economics.

7. The boys would have industrial arts for the same period.

8. French would be available for interested students.

9. There would be at least six groups in each

grade and that would make for excellent ability grouping. This would give more incentive and competition to the students, who may not have had to work too hard in the present set up.

10. Teachers would be specialists in their fields. There would be at least 600 students in grades 9, 10, 11 and 12. This number is also manageable to the advantage of the student and the system.

Many courses would be added without added expense because there would be enough students to fill the classes.

The high school could have a lot more space for its various activities, such as dramatics, music, intramural sports, and outside physical education next to the gymnasium.

We could offer two modern foreign languages if the student body desired it.

A new building would be something that all the communities would be proud to call their own.

There would be more of an incentive for people to settle in this area because of a new high school.

PRINCIPAL'S ANNUAL REPORT

Plymouth Elementary Schools

To: The School Board, Superintendent of Schools,
and Parents and Citizens of Plymouth:

Great emphasis is being placed on elementary school libraries in our nation today. Our own elementary school library has a total of 3,751 books; 1,875 non-fiction and reference, 1,876 fiction books. By January 1966, I expect we will have over 4,000 books available for the children of the elementary school. Our library is one of the outstanding elementary school libraries in the state. The Plymouth State College Library makes available to us film strips, records, courses of study, sample books and other curricular materials for our instructional program.

Mrs. Pauline Buczynski has been employed by Plymouth State College to fill the vacancy created by the death of Mrs. Ella Batchelder.

In memory of Mrs. Ella Fleming
Batchelder, dedicated teacher, com-
munity leader and mother.

Respectfully submitted,

W. MALCOLM BOWNES

Principal

SCHOOL CALENDAR SUPERVISORY UNION #48

1965 — 1966

September 8, 1965	Schools Open
October 12, 1965	Schools Closed - Columbus Day
October 15, 1965	Schools Closed - Teachers' Convention
November 11, 1965	Schools Closed - Veterans' Day
November 24, 1965	Schools Close for Thanksgiving
November 29, 1965	Schools Reopen
December 22, 1965	Schools Close after all-day session - Christmas
January 3, 1966	Schools Reopen
February 18, 1966	Schools Close - February Vacation
February 28, 1966	Schools Reopen
April 22, 1966	Schools Close - April Vacation
May 2, 1966	Schools Reopen
May 30, 1966	Schools Closed - Memorial Day
June 22, 1966	Schools Close

This calendar allows for 183 school days. Three days may be lost because of storms or other emergencies. Schools in various towns will close in June after 180 complete days.

SCHOOL NURSE'S REPORT

The following is a report of the Plymouth school health program for the year 1964.

Dr. F. D. McIver, school physician, completed physical examinations for 342 pupils and 40 pre-school children.

Dental inspections for 40 pre-school children were done by Dr. E. B. Crowell on registration day in April. Mrs. Beth Young, of Holderness, ARC Gray Lady assisted on this day.

The Lindsay Fund, administered by the American Red Cross, provided dental care for 12 children (22 extractions and 13 fillings) during a ten-week period.

The Lion's Club provided new glasses for three children and new frames for one child.

In conjunction with the N. H. Dept. of Health, under the supervision of Mrs. Lois Reed R. N., Sabin Polio vaccine (type 1) was administered to a total of 294 pupils and teachers in January. Mrs. Elsie Letendre and Mrs. Phyllis Robertson assisted at this clinic.

In September, Dr. McIver conducted a Sterneedle tuberculin test clinic. A total of 224 pupils and teachers received the test. Mrs. Marjorie Trojano, R. N. assisted at this clinic which was under the supervision of Mrs. Lois Reed, R. N. of the N. H. Dept. of Health. Among those tested, ten reactors were found and follow-ups (which include tests for contacts and discussion of X-rays) were done by Mrs. Reed and the school nurse.

At the Warren Public Health Clinic, physical exams and psychometrics were completed for two children.

Crippled children's services sponsored psychometrics and re-evaluation of a physical handicap for one child.

One child was seen at the N. H. Dept. of Health Child Guidance Clinic.

School Nurse's Work
